## Our Code of Ethics

As individuals and companies engaged in the fire detection and alarm systems industry, we recognize our responsibility to maintain high standards of reliability in the application of the life safety and property protection systems provided by us.

- AFAA To be honest and fair in all matters with our employees, customers, subcontractors, distributors, competitors and suppliers.
- AFAA To follow nationally recognized Codes and Standards, federal, state and local laws and regulations, when designing, supplying or installing fire detection and alarm systems.
- AFAA To encourage and support well-founded legislation affecting our industry and the people we serve.
- AFAA To support and participate in the education of those in and regulating our industry.
- AFAA When representing the Association, we will conduct ourselves professionally and with decorum.
- AFAA Individually, we will strive for high standards of performance and professional competence.
- AFAA We will judge all of our actions based on the questions, "Is it right?", and "Is it fair?"
- AFAA We accept this code freely and pledge to support our Association in its endeavors to improve the life safety and property protection in the United States of America.
